**Re: Dental Hygiene Student Merit Award for
Outstanding Achievement in Community Dentistry**

Deadline: January 11, 2019

**Awards presented at: 2019 National Oral Health Conference®
April 15-17, 2019 in Memphis, Tennessee**

The American Association of Public Health Dentistry (AAPHD) cordially invites your School/Program to participate in the Annual Dental Hygiene Student Merit Award for Outstanding Achievement in Community Dentistry. We hope you will choose to nominate project(s) for this competition. Instructions and guidelines for submission of project reports are as follows:

Project Content and Procedure

1. Each School/Program of Dental Hygiene with **Baccalaureate Degree Programs** may submit a **maximum of two separate** nominations for this award. The nominee(s) may be currently within their program or a recent graduate within one year of graduation and must have completed their project prior to graduation.
2. Each project should be an oral health program or research carried out in a community by the student(s) who must prepare and submit the following:
 - a) A report documenting background information, a list of the program's objectives and the procedures used, a summary of results and conclusions, and a discussion of the impact on the community as related to better oral health. Photographs, figures, forms/questionnaires or illustrated diagrams should be included where appropriate. The computer-generated report should be double-spaced, limited to a **total** of 20 pages. The minimum font size should be 12 with one-inch margin.
 - b) A structured 250-word abstract of the project, 3-10 key words and source(s) of funding. Key words and source(s) of funding are not included in the word count.
 - c) A letter from the nominating faculty person outlining student(s)' role in the project as well as student's class level in the dental hygiene school. If the project involved human subject research, a copy of the letter from the Institutional Review Board **MUST** also be included.
 - d) A cover page that **MUST** include the following contact information for each student author/nominee: full name, mailing address, telephone number and e-mail.
3. Each project will be judged according to the following six guidelines:
 - Originality and design of the project.
 - Description of results and conclusions.
 - Quality of the results (data) from the project.
 - Level of student responsibility and leadership.
 - Community value of the project.
 - Demonstrated mastery of the subject.
